

The NHS Friends and Family Test

Comments data – August 2016

Surgery is clean, it's easy to get an appointment. The nurses, staff and doctors are professional

Generally happy with the ease of getting appointments and the doctors, nurses I see. Only complaint is that you have to call at 8.30 to get appointment for the day. Not always possible or convenient.

Excellent practice and service.

Good doctors.

Easy to get an appointment.
